Box II Observations where certain claims v	were found unsearchable (Continuation of item 2 of first sheet)
This International Search Report has not been estable	lished in respect of certain claims under Article 17(2)(a) for the following reasons:
Claims Nos.: because they relate to subject matter not re-	quired to be searched by this Authority, namely:
Claims Nos.: because they relate to parts of the International S an extent that no meaningful International S	onal Application that do not comply with the prescribed requirements to such Search can be carried out, specifically:
Claims Nos.: because they are dependent claims and are	e not drafted in accordance with the second and third sentences of Rule 6.4(a).
Box III Observations where unity of invention	on is lacking (Continuation of item 3 of first sheet)
This International Searching Authority found multiple	inventions in this international application, as follows:
see additional sheet	
	•
As all required additional search fees were to searchable claims.	timely paid by the applicant, this International Search Report covers all
As all searchable ciaims could be searched of any additional fee.	without effort justifying an additional fee, this Authority did not invite payment
3. As only some of the required additional sear covers only those claims for which fees were	rch fees were timely paid by the applicant, this International Search Report e paid, specifically claims Nos.:
4. No required additional search fees were time restricted to the invention first mentioned in to 1, 2-10, 15-20	ely paid by the applicant. Consequently, this International Search Report is the claims; it is covered by claims Nos.:
Remark on Protest	The additional search fees were accompanied by the applicant's protest. No protest accompanied the payment of additional search fees.

FURTHER INFORMATION CONTINUED FROM PCT/ISA/ 210

This International Searching Authority found multiple (groups of) inventions in this international application, as follows:

1. claims: 1,2-10,15-20

a ware washing process using a biocide, the use of a biocide in a ware washing process and a ware washer adapted for the introduction of a biocide when the ware washer is used for ware cleaning.

2. claims: 1,11-14

detergent and rinse aid compositions for a ware washing process.
